# Looms

## Standard Glimakra Loom expandable to 10 shafts, horizontal or vertical countermark

Standard Countermark Looms expandable to 10 shafts.	Width	Shafts	Treadles	Price
	39"	4	6	4,990.00
	39"	8	10	5,100.00
	39"	10	10	5,200.00
	47"	4	6	5,200.00
	47"	8	10	5,500.00
	47"	10	10	5,600.00
	59"	4	6	5,600.00
	59"	8	10	5,900.00
	59"	10	10	6,000.00
	63"	4	6	6,400.00
	63"	8	10	6,700.00
	63"	10	10	6,800.00

### Each Standard comes with:

bench  
Texsolv tie-up kit  
1000 Texsolv heddles  
reed (in 5, 6, 8, 10, or 12 DPI)  
lease sticks  
warp sticks  
shuttle  
sley hook  
cord threader  
instructional books

Made with strong Swedish pine and built to last generations, the Standard is a wonderful investment for any weaver. The Standard is available in four widths and provides endless weaving possibilities, from hand towels and scarves to rugs and luxurious upholstery material. It is strong enough to handle any task, and the open-side frame design allows easy access for threading and tying up. Our basic 4-shaft, 6-treadle model allows for expansion to up to 10 shafts, 10 treadles. The Standard's versatility makes it a great choice for everyone, whether you have years of experience or are just starting out.

## Standard Looms 12-16 shafts

Standard Countermark Looms 12-16 shafts	Width	Shafts	Treadles	Price
	47"	12	14	7,260.00
	47"	16	16	7,550.00
	59"	12	14	7,500.00
	59"	16	16	7,800.00
	63"	12	14	8,200.00
	63"	16	16	8,500.00

For those wanting to weave more intricate patterns, we have 12- to 16-shaft looms available. (There are modifications to these higher-shaft looms, so the basic Standard is not easily converted to more than 10-shafts.) For comfortable weaving, the treadles are narrower so that it is not hard to reach them all. The shafts are thinner, allowing them to sit closer together, aiding in clean sheds.

## Standard Counterbalance Loom

	Width	Shafts	Treadles	Price
Standard Counterbalance Looms	39"	4	6	4,800.00
	47"	4	6	5,000.00
	59"	4	6	5,500.00
	63"	4	6	5,900.00

The Standard counterbalance loom comes with the basic accessories to set up your loom and weave: 1000 Texsolv Heddles, tie-up kit, bench, and additional small accessories as well as the counterbalance beam, a set of pulleys, and the horses needed for four shafts.

## Julia Floor Loom

	Width	Shafts	Treadles	Price
Julia counterbalance	26"	4	6	1,650.00
Julia countermark	26"	4	6	1,750.00
	26"	8	8	2,000.00
Add shafts 5-8 to 4-shaft Julia countermark loom				350.00

The Julia countermark loom comes with 4 or 8 shafts, a weaving width of 26 inches, and a footprint of just 32 x 32 inches. It is the smallest countermark on the market. This loom ships by FedEx and includes Texsolv tie-up kit, 500 heddles, 24 warp sticks, lease sticks, a reed, and a shuttle. A 4-shaft counterbalance version is also available.

## Victoria Table Loom 4 shafts, reed, 500 Texsolv heddles, book, boat shuttles

	Width	Shafts	Treadles	Price
Victoria loom	27"	4	optional	1,100.00
Floor stand	-	-	-	225.00
4-Treadle kit	-	-	4	240.00

With a 27" weaving width, the Victoria is the widest of our table-top looms and can be transported with a project on it. The 4-lever system locks the shed in an open position. The optional floor stand is wide enough for the weaver to sit comfortably in a chair or wheelchair up to 28" wide. The Victoria's hand-operated levers make this loom accessible to many who have mobility impairments that may otherwise prevent them from weaving. The floor stand also offers the option of adding treadles. This little 4-shaft loom is a wonderful choice for any weaver!

## Glimakra Band Loom with treadles

	Price
Band loom, 5" weaving width, 2 shafts, 2 treadles, 100 Texsolv heddles.	<b>425.00</b>
Band knife (acts as a beater), wood	<b>19.00</b>
Band/netting shuttle, 8" length, wood	<b>18.50</b>

The band loom is a traditional style of Scandinavian loom for making ribbons, decorative bands, and belts. A popular item, affordable and easy to use—it's easy to see why weavers are so excited to get their hands on them. Weave ribbons and bands up to 5" wide to add that decorative touch to your projects. Weave bookmarks, straps, leashes and collars, even scarves. There are many opportunities for creativity. This fun little loom would make an excellent addition to any weaver's collection. The band loom is a great entry loom for new weavers. Our band loom can be set up for inkle weaving and card weaving or used as a 2-shaft loom with Texsolv heddles.

## Band Weaving, Wood-heddles, Band Clamp

	Price
Tablets for card weaving, cardboard, 4 hole (25 count)	<b>6.00</b>
Wood heddle, 3½", 19 threads, with handle (#4C)	<b>43.00</b>
Wood heddle, 6", 51 threads (#4B)	<b>43.00</b>
Band clamp, made in Eugene, Oregon	<b>18.50</b>

## Tapestry Looms and Accessories

	Price
<b>FREJA TAPESTRY FRAME, REGULAR SIZE</b> Dimensions: 26½" x 21", adjustable tension	<b>115.00</b>
<b>FREJA TAPESTRY FRAME, LAP SIZE</b> Dimensions: 15¼" x 17¾", adjustable tension	<b>99.00</b>
<b>BABY FREJA, REGULAR SIZE</b> Dimensions: 15¼" x 15¼" (no tensioning device)	<b>55.00</b>
<b>TAPESTRY BOBBINS (4")</b> #194-92	<b>4.00</b>
<b>TAPESTRY BEATER FORK</b> #201	<b>39.00</b>

Use your imagination and creativity to weave beautiful works of art on our Freja tapestry looms. Our regular-size Freja has an outer dimension of 26" x 21" and an adjustable tensioning system that keeps your warp nice and tight. It can be used lying flat or placed on the included legs angled for upright weaving. The plastic warp strip at the bottom has a wooden cover that snaps on to prevent threads from snagging. Freja looms make wonderful gifts, for yourself or for loved ones! There is no limit to what you can create on a Freja tapestry loom.

## Susanna Rigid-Heddle Loom

	Price
27" width, includes 10-dent heddle Metal ratchets, warp sticks, shuttle, cord threader, integral warping frame on back	<b>375.00</b>
Susanna extra heddles, 8-, 10-, 12-dent	<b>65.00</b>
Floor stand for Susanna #2410030	<b>225.00</b>

Susanna, the Emilia's "big sister," offers a wider weaving width of up to 27". Our Susanna rigid-heddle loom is lightweight and easy to transport. It has an integrated warping frame built in, making this a convenient choice for the traveling weaver. Its sturdy frame and non-slip metal ratchets hold a tight tension. Clamp it to a table or use it with the optional floor stand. The Susanna can be used as a tapestry loom or a rigid-heddle loom. We have 8-, 10-, and 12-dent heddles available.

## Emilia Rigid-Heddle Looms with sley hook, threader, shuttle, warping peg. Comes fully assembled

	Price
13½" width with 10-dent heddle #2420020	<b>280.00</b>
19" width with 10-dent heddle #2420030	<b>305.00</b>
Extra heddles: 13½"; 8-, 10-, 12-dent	<b>46.00</b>
Extra heddles: 19"; 8-, 10-, 12-dent	<b>50.00</b>
Carry bag: 13½"	<b>60.00</b>
Carry bag: 19"	<b>75.00</b>
Second heddle brackets for Emilia looms	<b>29.00</b>
Emilia floor stand	<b>98.00</b>
Warping peg with clamp	<b>18.00</b>

With our Emilia rigid-heddle loom, you can pick up and go. The folding frame and optional carry bag makes this an ideal choice for students and travelers. Now you can weave anywhere! The strong birch frame and metal ratchets hold a tight, even tension for great sheds. The Emilia is wonderful if you have limited space. Clamp it to a table or use it with an Emilia floor stand when you are weaving. When it is not in use, fold it up for easy storage. The Emilia comes in either a 19" or a 13" weaving width, and is our only rigid-heddle model with the option of adding a second heddle bracket. We have 8-, 10-, and 12-dent heddles available in both sizes.

## Myrehed Drawlooms for weaving widths from 39" to 63"

	Price
<b>LOOM EXTENSIONS:</b> extend loom depth an additional 1 to 3½ feet.	<b>550.00</b>
<b>SHAFT DRAWLOOMS:</b> Includes 10 shafts, 200 weights and drawcord. Expandable to 50 shafts. Drawloom 39" and 47" Drawloom 59" and 63"	<b>1,200.00</b> <b>1,400.00</b>
<b>EXPANSION SETS FOR SHAFT DRAWLOOMS</b> Includes 10 additional shafts with handles. No drawcord included.	<b>225.00</b>
<b>COMBINATION DRAWLOOMS</b> Will fit all weaving widths and is added to a shaft drawloom to weave single unit designs. Includes drawcords. Four sizes available.	<b>980.00</b>
<b>SINGLE UNIT DRAWLOOMS:</b> for weaving non-repeat patterns 39" and 47" available.	<b>1,090.00</b>
<b>TEXSOLV HEDDLES</b> Long eye and draw, see page 12.	

With the drawloom attachment you have the possibility of weaving complex techniques and patterns. Loom extensions and the shaft drawloom, which can have up to 50 shafts, and single-unit drawbridges are available.

## Drawloom Accessories (Texsolv Heddles, see page 12)

	Price
2 ounce weights (lingos), each	<b>1.75</b>
Drawcords for single units, white and black, per 100	<b>140.00</b>
Drawcord in 140-yard spool for shaft drawlooms	<b>70.00</b>
Folke Samuelsson weighted damask shuttle	<b>75.00</b>
Combination lift heddles, Texsolv, per 100	<b>20.00</b>
Elastics for drawlooms, by the yard	<b>3.50</b>

### A note from Madelyn van der Hoogt

If you've ever been frustrated by the limited number of blocks possible on a shaft loom, the drawloom is for you. A shaft drawloom provides from ten to fifty blocks; a single-unit drawloom allows hundreds. You can weave these multi-block designs in damask, turned twill, lace weaves, tied weaves, and more. I love knowing that the only other loom that can produce such complex patterning is an electronic Jacquard loom, but when I weave on my drawloom I am using technology that is thousands of years old.

# Loom Equipment and Accessories

## CounterMarch and Counterbalance parts

	Price
<b>COUNTERMARCH ASSEMBLIES</b> For 8-10 shafts, includes long lamms <b>HORIZONTAL COUNTERMARCH</b> For 8-10 shafts Standard 39" & 47" Standard 59" & 63" Julia loom 27", 8-shaft <b>VERTICAL COUNTERMARCH</b> For 8-10 shafts Standard 39" & 47"	550.00 575.00 500.00 675.00 715.00
<b>FLY SHUTTLE KITS</b> 47" to 63", call for details	2,100.00
<b>COUNTERBALANCE ITEMS</b> Counterbalance beam 39" or 47" Counterbalance beam 59" or 63"	99.00 110.00
<b>HORSES</b> for counterbalance weaving, each pair	15.00
<b>PULLEY</b> basic 2-shaft, flat, wood, pair	45.00
<b>PULLEY</b> Dräll type, 10-shaft, pair	75.00

### How to measure looms

Knowing the correct size of your loom is very important when ordering parts. Glimakra looms are most easily identified by their metric measurements and have come in many sizes over the years. 100 cm, 120 cm, 150 cm, and 160 cm are the currently available sizes. Discontinued sizes of the Standard are 110 cm and 135 cm. The Ideal looms have been discontinued but they were produced in 60 cm, 70 cm, 80 cm 90 cm and 100 cm. To measure a Standard or Ideal loom, measure the length of the breast beam between the inside frame uprights. If you need parts for a loom, knowing the width of the loom and the length of the part can make it much easier for us to get you the right parts.

## Shaft bars, Tie-on bars, Lamms

	Price
<b>SHAFT BARS</b> , per pair. Can be cut to other lengths Up to 47" per pair Over 47" up to 63" per pair	32.00 43.00
<b>TIE-ON BAR</b> , each Up to 47" Over 47" to 63"	14.00 16.50
<b>UPPER LAMMS</b> (or 'short' lamms), each 27" 39" up to 59" 63"	22.00 27.00 30.00
<b>LOWER LAMMS</b> (or 'long' lamms), each 27" 39" up to 59" 63"	30.00 33.00 37.00
<b>VERTICAL COUNTERMARCH LOWER LAMMS</b> , each	39.00

### Discontinued looms

We at Glimakra USA do our best to provide products and support for all Glimakra looms. There are many looms and sizes that have been in and out of production over the years, and we don't always have the parts to repair those looms. We have many manuals available online; some of the rarer looms only have photos available. If you need help identifying a loom that you believe to be a Glimakra, please email us a photo. We may have or be able to special-order parts for some of the discontinued looms and sizes.

## Loom Equipment and Accessories, cont'd.

	Price
<b>SHAFT PINS</b> (wire), to secure shafts with heddles at tie-up 4-shaft capacity (set of 4) 6- to 10-shaft capacity (set of 4)	<b>12.00</b> <b>15.00</b>
<b>SHAFT HOLDERS</b> wood Holds shafts, sets of 2 holders, 4-, 6-, 8-, or 10-shaft size 12-, 16-shaft size	<b>21.00</b> <b>25.00</b>
<b>TREADLES</b> for Standard loom <b>TREADLES</b> for Ideal loom and the Julia	<b>36.00</b> <b>32.00</b>
<b>RATCHETS</b> , wood with metal ratchet (for Standard loom) <b>PAWLS</b> , metal, locks the ratchet	<b>160.00</b> <b>20.00</b>
<b>BEATER PINS</b> Plastic, for either Standard loom or for Emilia looms, each	<b>10.00</b>
<b>TREADLE RODS, LAMM RODS, LOCKING PINS</b> Metal, each (specify type and length)	<b>14.00</b>
<b>WEDGES</b> Wood, specify long or short (short wedges for ratchets)	<b>9.00</b>
<b>RUBBER LOOM FEET</b> For Standard or Ideal each. Specify size when ordering For Julia loom	<b>20.00</b> <b>15.00</b>
<b>STADIG LOOM FEET</b> Keep a loom from walking	<b>135.00</b>

## Sectional and Double Warp Beams

	Price
<b>SECTIONAL WARP BEAMS</b> Wood with metal hoops 39" for Standard loom 47" 59" 63"	<b>425.00</b> <b>450.00</b> <b>475.00</b> <b>495.00</b>
<b>DOUBLE WARP BEAMS</b> Wood, with ratchet, pawl 39" 47" 59" 63"	<b>700.00</b> <b>725.00</b> <b>750.00</b> <b>850.00</b>

The Sectional warp beam consists of four wooden boards with holes drilled for metal loops dividing the beam into 25 mm (1") sections. The boards are attached with screws directly to the original warp beam and the metal loops are inserted in the holes. Sectional warping is an alternative to making a warp chain and then winding it on. In sectional warping, you warp and wind on at the same time so that one step is saved. Presleying or the use of a raddle is also eliminated. Sectional warping is done so that you wind on the full length of all warp threads that will go within each section. That means that you will need to have as many spools as you need warp ends in each section.

## Benches, Covers, and Baskets Benches of solid wood, 5 adjustable heights 19" to 27½", easy assembly.

	Price
25" bench width (63 cm) best for Julia looms	220.00
33" bench width (85 cm)	250.00
39" bench width (100 cm) best for 100 cm Standard loom	290.00
Whole reindeer hide imported from the Sámi in Sweden	250.00
Reindeer hide bench cover imported from the Sámi in Sweden (large)	89.00
Reindeer hide bench cover imported from the Sámi in Sweden (small)	79.00
Amish bench basket, hangs on bench or loom side, handmade by Noah	65.00
Bench box, attaches to bench or can hang on loom	60.00

The reindeer hides at Glimåkra USA are purchased from Gealtan AB, a Sámi company in Idre, Sweden, that since 1994 has focused on the sale of high-quality reindeer hides, horn, and meat from their own reindeer. Sámi are the indigenous people of Northern Sweden who have been herding and caring for reindeer for thousands of years. The reindeer are a vital part of the Sámi culture and we at Glimåkra USA are proud to support them by bringing these beautiful highquality hides to the US. Each hide we receive is unique, so no two bench covers will ever be the same. These reindeer hides are CITES certified and EU certified as well as approved by US Fish and Wildlife.

## Reeds

### Stainless-Steel Reeds Be sure to specify whether the length is the weaving width or the outside dimension!

Dents per inch	Price 4 inch	Price 4 ¾ inch
5, 6, 8, or 10	2.00	2.60
12 or 15	2.20	3.00
18, 20, 22½, or 25	2.55	3.30
30 or 32	2.75	3.65

GAV-Glimåkra has made reeds for several generations stretching back to “reeds made with reed.” We obtain reeds in 94 ½” lengths and cut to your specifications. All our reeds are stainless steel, also called “INOX.”  
*Be sure to tell us whether the length is the weaving width or the outside width of the loom.*

# Warping Equipment & Accessoires

## Bobbin Winders & Swifts

	Price
Thick-spindle bobbin winder (#158 B) winds bobbins and pirns easily	145.00
Thin-spindle bobbin winder (#62 M) winds quills, bobbins and pirns just as easily.	125.00
Quills, (bundles of 10) Sizes: 3½", 4¼", 5", or 6"	6.50
Large swift, up to 100" circumference	92.00
Regular swift, up to 72" circumference	86.00
Swift replacement screw (short or long)	9.50

Winders come with either a fine spindle or thicker spindle, which is made for the larger plastic bobbins. The fine spindle is more versatile as you can also wind the larger bobbins on them. Put a 3- inch section of cardboard quill on the spindle and slide the larger bobbin on top of the quill; it is usually a perfect fit. If you weave with fine threads, the thinner shuttles, quills, and fine-spindle bobbin winder may be preferable. Swifts are warrantied 1 year and have been manufactured for more than 80 years in Sweden. Repair slats are available for the swifts.

## Warping Equipment

	Price
<b>WARPING REEL</b> , 10 ft circumference, vertical with metal axle	630.00
<b>WARPING REEL</b> , 8 ft circumference, vertical with metal axle	450.00
Extra cross units for either warping reel	62.00
Ronja warping frame - attaches to back of Standard looms	125.00
Sofia warping frame - a wall mounted frame, 9-yard warp length	110.00
Combi-Stands - organize and holds reeds, sticks and tools	395.00
12-spool rack	379.00
2-spool holder	28.00
Warp-stick catcher, mounts on back of loom	28.00
Reed holder, long style - #192B holds reed and lease sticks for sleying	35.00
Reed holder, regular - #192 holds the reed for sleying	29.00
<b>SLEY HOOKS</b> White plastic, double end hook, each Red plastic, single hook, each Brass, double end hook, each	3.00 3.00 10.00

## Warping Equipment, cont.

	Price
<b>LEASE STICKS</b> , pair Lengths up to 47", per pair, specify length Over 47" up to 63", per pair, specify length Custom cut fee for non-standard size	20.00 24.00 5.00
<b>WARPING STICKS OR BEAMING STICKS</b> Bundles of 24 sticks, can be cut to specific length For Julia loom or Susanna looms, 27" length (narrower) Lengths up to 47" (27", 39", 47") Lengths over 47" up to 63" length (59", 63") Custom cut fee for non-standard size	35.00 45.00 60.00 5.00
<b>HOOP-TYPE RADDLE</b> - metal hoops on wooden bar, can be used front or back 27" hoop-type raddle 39" and 47" hoop-type 59" and 63" hoop-type	110.00 134.00 179.00
<b>ALUMINUM BEAM COVERS</b> Can be cut to other lengths, large radius 39" 47" 59" and 63" Custom cut fee for non-standard size	49.00 55.00 59.00 5.00

15¼	390/12	Brown	
17¼	440/12	White	
21¼ draw pattern	540/12	Black	21.00
11¾ long eye	300/64	Red	
12½ long eye	318/64	Blue	

Texsolv heddles and cord are highly regarded by weavers. The heddles are lightweight with a wide variety of lengths available to fit most looms. Texsolv cord is strong, and with its equally spaced eyes or "buttonholes," it allows accurate measurements and adjustments. The use of the arrow peg or anchor peg is a further refinement, making tie up and use of the cord even easier.

We stock almost every size heddle in use and can supply the appropriate heddle length for your loom. We also stock the Texsolv cord on spools of 20 meters (22 yds), 50 meters (55 yds), and in boxes of 250 meters. We also have the heavy beam cord, anchor pins, and arrow pegs.

## Tapestry Heddles

	Price
100 Heddles per spool	20.00

**Texsolv AB was founded in 1977 by Sune Ivarsson.** The factory was at first situated in Alafors and was named Textilsolv. Initially heddles, cord and tie-up sets for handweaving looms and ladder strings for Venetian blinds were manufactured. Later the production of the eye-looped rope RunLock began, based on the same idea as the loom cord, only in larger dimensions. Runlock Rope is available in the US at RnL Distributors. If you like Texsolv you will know Runlock is much more than just a rope. Visit Runlock website and learn more [www.runlock.us](http://www.runlock.us)

## Cord, Pins, Pegs, and Accessories

22-yard spool of cord	Item ID#	Price
White	#20W	30.00

## Tie-Up Kits

Pre-cut cords and anchor pins	Item ID#	Price
Standard loom. counterbalance	#1540	90.00
Standard loom, horizontal countermarch, 4 shafts	#1567-4	145.00
Standard loom, horizontal countermarch, 10 shafts	#1567-8	200.00
Standard loom, vertical countermarch, 4 shafts	#1568-4	145.00
Standard loom, vertical countermarch, 10 shafts	#1568-8	200.00
Julia loom, 8-shafts	#1520	100.00
Ideal loom, horizontal countermarch, 4 shafts	#1563-4	100.00
Ideal loom, horizontal countermarch, 10 shafts	#1563-8	150.00

Texsolv tie-up kits include all of the cords and anchor pins needed to tie up the shafts and treadles. The cords are color coded with ties, and a schematic is provided so that you can easily tell where each length of cord goes. The cords have been cut with extra length so there is room for adjustments.

# Shuttles and Temples

## Shuttles

WITH BOTTOM, NO ROLLERS	Overall Inches	Box Length	Price
#6 boat shuttle	11¼	5	30.00
#7 boat shuttle	12	5	30.00
#8 boat shuttle	12¾	5½	35.00
#8B boat shuttle, extra thin	12¾	5½	35.00
#9 boat shuttle	13¾	6½	35.00

Oxberg Classic shuttle	15	7	45.00
Folke weighted damask shuttle	14	7	75.00
End-feed fly shuttle	15	7	259.00

Try our new Oxberg Classic shuttle. With its comfortable weight and length, this shuttle is great for all types of weaving from rigid-heddle to wide warps on any loom. The Oxberg is 15" long with a 7" box, and can be used with most plastic bobbins.

## Rug & Stick Shuttles

	Overall Inches	Box Length	Price
#68B double ski, small	13¾		30.00
#68A double ski, large	18¾		34.00
#69B ski, small	19½		30.00
#69C ski, large	25		34.00
Flat stick shuttles, order by length	12, 16, 20		9.00
Netting (band) shuttle	8		13.00

## Bobbins for lace makers

	Price
Wood bobbins, each	2.00
Thin-spindle bobbin winder attachments for wooden bobbins	21.00

## Wood Templates

	Price
8 - 10 inch (#19 A)	43.00
10 - 13 inch (#19 B)	43.00
12 - 16 inch (#20 A)	45.00
14 - 19 inch (#20 B)	45.00
16 - 22 inch (#21 A)	48.00
20 - 31 inch (#22 A)	48.00
24 - 36 inch (#23 A)	52.00
28 - 43 inch (#24 A)	56.00
32 - 51 inch (#25)	66.00
40 - 66 inch (#27)	78.00

Templates manufactured from birch with extra-thin pins. Designed to not scratch your loom. Weaving widths 8-65" (20-165 cm). The birch wood is fine-grained, strong, and pale in color, often with an attractive satin-like sheen. The birch wood used for templates at GAV Glimåkra is from properly managed, sustainable forests.

## Metal Templates

	Price
8 - 10 inch (#MT8)	50.00
10 - 12 inch (#MT10)	52.00
12 - 16 inch (#MT12)	55.00
16 - 24 inch (#MT16)	57.00
20 - 30 inch (#MT20)	59.00
24 - 37 inch (#MT24)	62.00
28 - 41 inch (#MT28)	72.00
32 - 51 inch (#MT32)	75.00
35 - 59 inch (#MT35)	80.00
40 - 63 inch (#MT40)	85.00

Metal templates are preferred by many rug weavers due to the sharp angled teeth that hold well in rug weft. Available for weaving widths 8-65" (20-165 cm).

Stranggarn, Red, Green, Black, or Blue	1.1 lb	300-350	31.00

Cottolin, also called nialin, is a wonderful yarn to work with. Our cottolin is 60% cotton and 40% linen making fabrics made with it easy to care for and long lasting. The cotton and cottolin by Bockens is evenly spun and the dyes used produce vibrant long-lasting colors. Bockens yarns are certified by the Swedish Society for Nature Conservation as a "good environmental choice."

35/2 unbleached	8.8 oz	2500	39.00
35/2 half bleached	8.8 oz	2800	41.00

Sweden has a long history of producing linen of the highest quality. Bockens Line Linen is wet spun using the longest and strongest of the flax fibers. Our linen has excellent sheen, and with proper care, your weavings will be crisp and beautiful heirloom pieces. There are many weights of line linen available. The color palette for the dyed linens is vibrant and allows the weaver a wide variety of colors. Bockens yarns are certified by the Swedish Society for Nature Conservation as a "good environmental choice."

## Tow Linen and Rug-Warp

BOCKENS TOW LINEN	Approx. wt	Approx. yards	Price
4/1 unbleached	8.8 oz	660	24.00
4/1 half bleached	8.8 oz	730	26.00
6/1 unbleached	8.8 oz	1025	24.00
6/1 golden and half bleached & colors	8.8 oz	1150	27.00
8/1 unbleached	8.8 oz	1375	25.00
8/1 half & golden bleached	8.8 oz	1540	27.00
8/1 colors available by special order	8.8 oz	1540	28.00
1.5 tow linen half bleached or black	1.3 lbs	590	47.00
1.5 tow linen unbleached	1.3 lbs	590	42.00
4/6 Mattlin unbleached & colors	1.1 lbs	210	48.00

Tow linen is made of the shorter flax fibers and is softer in nature than the line linens. Bockens tow linen is wet spun for strength but maintains the softer rustic texture that makes tow linen fabrics unique. A popular use is as weft in transparencies. (See *Sheer Delight: Handwoven Transparencies* by Doramay Keasbey, page 21).

### BOCKENS

BOCKENS LINEN TAPESTRY AND RUG WARP	Approx. wt	Approx. yards	Price
8/2 unbleached	1.1 lbs	1250	45.00
8/3 unbleached	1.1 lbs	760	45.00
8/4 unbleached	1.1 lbs	600	45.00
8/4 black & colors	1.1 lbs	600	49.00
8/5 unbleached	1.1 lbs	500	45.00
8/5 black & colors	1.1 lbs	500	49.00
16/3 unbleached rug	1.1 lbs	875	27.00

This yarn is spun with extra twist and is exceptionally strong for high-tension weaving and rugs that will stand the test of time and use.

### BOCKENS

COTTON RUG WARP SEINE TWINE	Approx. wt	Approx. yards	Price
12/6 unbleached	18-19 oz	1800	23.00
12/6 in colors by Bockens	18-19 oz	1600	36.00
12/9 unbleached	18-19 oz	1230	26.00
12/12 unbleached	18-19 oz	925	26.00
12/15 unbleached	18-19 oz	740	26.00
12/18 unbleached	18-19 oz	615	26.00
20/6 unbleached	18-19 oz	2860	26.00

Strong cotton warp that was traditionally used to make fishing nets. This Egyptian cotton yarn has a long staple that when combined with the extra tight "seine" twist is exceptionally strong and smooth. The 12/6 colors are dyed by Bockens.

### BOCKENS

## Lace Linen

BOCKENS BOBBIN LACE	Approx. wt	Approx. yards	Price
35/2 unbleached	1 oz	300	7.50
35/2 half bleached	1 oz	300	8.00

80/2 color #470 natural	½ oz	350	9.50
80/2 half bleached	½ oz	350	9.00
80/2 bleached	½ oz	330	9.50
90/2 bleached	½ oz	400	10.00
90/2 half bleached	½ oz	400	10.00

Bockens lace linen was originally designed for making bobbin lace and has a strong tight twist. While designed for lace, it is beautiful to weave with and is also used in sewing. There are a variety of sizes of lace linen available, with colors in 35/2 and 60/2. We do keep some in stock and can special order additional colors. You can also lightly coat with beeswax for easier use in sewing.

BOCKENS

## Hackled Linen for Spinning

BOCKENS HACKLED LINEN per ounce	Approx. wt		Price
8/2 unbleached	4-6 oz		3.50 per oz

Most stricks 4-6 oz. Fibers must be purchased by the stricks to maintain the integrity of the fibers.

Hackling is the last step of preparing flax to be spun. It splits and straightens the flax fibers, as well as removing the fibrous core and impurities. Flax is pulled through hackling combs, which parts the locked fibers and makes them straight, clean, and ready to spin. A strick is a bundle of prepared long fiber hackled flax.

BOCKENS

## Wool

FARO (TAPESTRY WOOL)	Approx. wt	Approx. yards	Price
6/1 Faro, 74 colors	3.5 oz	665	13.50

Faro is a single ply 6/1 wool used primarily for decorative weaves like tapestry, wall hangings, pillow tops and upholstery. It is perfect for wall hangings in krokbragd and boundweave. It also works well as the pattern weft in weaves like overshot and monk's belt. For color blending and thicker projects, multiple plies can be used together. FARO is also strong and smooth enough to be used as warp.

Borgs Vävgarner AB is a very old yarn company that started in 1734 in a town in the south of Sweden called Lund. Today the company is owned by Maria Holmqvist, and is located in Hassleholm, Sweden.

TUNA (BLANKET WOOL)	Approx. wt	Approx. yards	Price
6/2 Tuna, 109 colors	3.5 oz	330	13.50

The traditional Swedish blanket wool, Tuna's soft twist makes for a very light and fluffy blanket while being exceptionally sturdy and warm. This 6/2 wool also works well for knitting sturdy traditional items. With 109 colors, Tuna has a rich and wide color palette that also lends itself well to tapestry weaving.

MORA (SCARVES & SHAWLS)	Approx. wt	Approx. yards	Price
20/2 Mora (worsted), 51 colors	3.5 oz	1035	13.90

Mora is excellent for weaving fine wool fabrics such as shawls and tartans. It is lightweight and is also used for embroidery and lace knitting. Mora is 20/2 weight, spun worsted, and does not felt or full.

MATT GARN (RUG WOOL)	Approx. wt	Approx. yards	Price
1.25/1 Matt Rug Yarn, 74 colors	3.5 oz	136	13.50

Mattgarn translated literally is "rug yarn." This 1.25/1 yarn can be used in heavier tapestries as well as traditional Swedish weaves such as krokbragd and rosepath. Mattgarn also works beautifully in many weft faced rugs. It has a wonderful color palette and the plies can be multiplied as needed for color blending and thickness.
